Dear Allen:

I have written Jerry Parsons a personal letter discussing our hope that something can be done at the current session of Congress to permit reciprocal establishment of diplomatic radio facilities. This matter has become all the more acute in view of pressure from the United Arab Republic as reported in a recent telegram from Nay Mare in Cairo.

I thought you would want to know about my letter to General Parsons. Needless to say, it would be most helpful if you could also push this project.

With warm regards,

Sincerely yours,

Robert Murphy

Enclosure:

Copy of letter to
Gen. Parsons.

The Honorable
Allen W. Dulles,
Director,
Central Intelligence Agency.
